“Magic is nature unimpeded.”

— Jane Roberts, author of *The Way Toward Health*

TriOasis CBD Lotion Balm is a combination of CBD Isolate, Lemon Essential oils, Olive Oil, Coconut Oil, Beeswax, and Shea Butter. It is intended for **topical use only**, not to be ingested. This lotion is sensitive to high temperatures which can make it melt; best to be stored at no more than 72°F (22°C).

Experience has shown that TriOasis CBD Lotion Balm is best absorbed when the skin is moist or just cleaned. One should apply a small amount to the area of need, then massage it into the skin roughly one inch beyond the sensitive area. Relief should be felt within minutes. If not, a second larger application is recommended.

TriOasis CBD Lotion Balm, a HEMP product, performs its *magical mysteries* with CBD’s patented abilities:

**Anti-inflammatory** which can reduce:

- Joint Stiffness
- Bruises
- Facial Tension
- Aches

**Neuroprotection** which can reduce damage from:

- Wound Healing
- Skin Conditions
- Sun Damage
